

PhytoPet Pet Col: Fibre + Probiotic Blend for Healthy Bums & Tums

PhytoPet Probiotic Concentrate: Pre, Pro and Post-Biotic

Pet Col serves as the daily maintenance option

Probiotic Concentrate addresses specific, short-term needs.

Key ingredients:

- Psyllium husks for stool consistency
- Pre & probiotics for gut balance
- Supports digestive comfort and balance

Key ingredients:

- Patented probiotic blend
- No added fibre
- Concentrated gut bacteria support

Why should I use this? Daily maintenance formula for pets with ongoing digestive sensitivity, irregular stools, or anal gland concerns. Popular with customers seeking comprehensive gut support. Or raw feeders looking for additional fiber.

Why Should I use this? Ideal for those seeking probiotic-only support during diet transitions, travel, or seasonal changes. Complements existing fibre sources.

Customer feedback: Improvements in stool consistency, reduced scooting and anal gland problems and fewer tummy upsets.

Customer feedback: Strong performance during routine changes and for pets with **ongoing digestive discomfort** requiring targeted bacterial support.

Directions: A little goes a long way. *Simply Sprinkle onto food*
